

Nursery Weekly Update

Autumn 1-Week 2

This week we are looking at the story of 'The Colour Monster'. Here are a few of our planned activities:

- Circle time-PSED asking the children their thoughts about the story
- Creating our own colour jars and discussing the different colours and feelings
- Mark making and mixing colours together

Tuesdays- PE

Our PE sessions are on Tuesdays and the children will be learning to follow instructions and moving and transporting. Can you practise supporting your child in taking their shoes on and off, we understand they have a lot to be learning and thinking about, however with us all working together, the children will become super independent with our support 😊 ***They can wear their school uniform and wear trainers to school.***

Tapestry-Challenge

This week's first focus is to remind our children to wash their hands well. We have a 'Wash your hands just like this', which is sung to the tune of 'Happy birthday'. I will send this home for you to practise with your child. Can we also focus on keeping toys out of our mouths and catching their coughs/sneezes. If you can upload any of these good choices we would greatly appreciate it as we share their challenges on Tuesdays 😊

Wednesdays-Library

A reminder that all books will be changed on Wednesdays, we hope you enjoy reading with your child, it is always wonderful to ask them lots of open ended questions about the story for example 'who, how, why and I wonder?'

Thursdays-Springfield

If you haven't already, please ensure your child has a named puddle suit and wellington boots as we will explore outdoors whatever the weather! We are incredibly lucky to have our wooded area to learn and investigate in and will enjoy all of the elements during each season.

Fridays-Alan the Alligator

Every Friday Alan will be sent home for a visit. We would be so grateful if you could look after him as he needs lots of care and reminding in looking after his teeth! It would be fantastic if you could upload photos of his adventures and how he keeps his teeth and toothbrush clean. (Please can we be mindful of not having the children use Alan's toothbrush 😊)

We wish you and your children a wonderful week!
